Why Travod?

Get a **guaranteed output** accuracy with a network of in-country expert linguists with healthcare background.

Benefit from **shorter TATs** and better quality with dedicated project management teams.

Receive **tailored workflows**, based on your bespoke processes.

Optimise your workload with our easy-to-use Client Portal.

Achieve better results through comprehensive terminology management, feedback loops and continuous quality improvement programmes.

Acquire the level of clients service our customers love and recommend.

Special offer for BIOQuébec members

Up to **70%** discount on repetitive content and complementary Project Management service (10% of the order).

One of the nicest things we experienced was the consistency of the translators. As the same people were working on the same kind of project each week, we could see a learning curve towards the same strategic thinking and ever-growing understanding of the content.
